Oh, don't be!

Gorry I'm always so late.

I appreciate big business.

There's hardly anyone left who relies on me for delivering mail these days.

What's a contour like you doing working as a mailman, anyway?

Right, Mister Ringworth.

I've got your package. Leave it to me!

Certainly hasn't
riding out in
the countryside
hoping nobody
near sees me

"Skins,
it suits me
more to wander
the land
with these
four feet
of mine.

"Might
call it a
hobby,
I guess.

Not that
I'm com-
plaining, of
course.

Not that
anyone would.
Humans these
days are so blind,
hardly any of 'em
have the eyes to
see our folk.

魔法使いの嫁

but I'm
not quite
there yet
myself...

The best
wizards can
actually speak
through the
animals they
control.

Mmm.
That's why
I sent a
letter.

but I
didn't think
you wouldn't
actually have
a phone at
home.

Oh, no
that's why
that bird
was so stiff,
it was like
a robot.

Well, imagine
how surprised I
wizards now when a bird
prefer to made of paper
instead dead. showed up
animals with
magic and
make them
move, etc.

Let's talk
more over
lunch.

I wish,
I don't have
many friends,
actually.

Um...

But it feels
like you've
been through
the same kind
of thing that
I have.

All the
people I know
are good for
nothing,
and it's not
like I'm all
that smart,
either.

...Okay,
then.

...!

so it's
easier to
talk to
you..

Actually,

I don't
have many
friends,
either...

...

Princess?

So, huh?

Wizardry is different from magic, but we're both students learning from our masters.

I guess that's how it's done now.

Mmm.

So, where do we start?

Hello.

Oh.

You're
pretty
far from
home.

Does
Mister
Rimworth
know you're
here?

You're Mister
Rimworth's
little girl,
aren't you?

.....
—YOU
SAID HE
DIDN'T
KNOW?
I HEAR
I'M PROBABLY
SAID HE
KNOWS.

No...

I'm sorry,
but could
you keep it
a secret and
not tell him,
please?

魔法使いの女家

Did Elias
ask you
to deliver
that?

Miss

Just stick
an old stone
brick in
with a branch
of holly,
and I'll
be able to
hear it.

Wah

Afternoon,
Miss.

If there's
anything you
need delivered,
I'm your coin-
toss Nanny's
hand.

Oh, uh.
Yeah. Hi.

Oh, to
Angelica?

All the way
over to Miss
Angelica's.

And on
Christmas,
you're supposed
to give presents
to children and
relatives and
friends.

Yup. It's
Christmas,
see.

魔法使いの嫁

I think, if
you go over
what they're like
normally, you'll
be able to find
the answer.

and what
they like,
what they
enjoy, what
they use
a lot.

Think
hard about
them,

*It's not
what the
gift is
that
matters.*

Like an em-
broider, not just
bows and arrows,
good wood for
carving, and also
embroideries
and dyes...

And hey,
it doesn't
have to be
something
that will last
forever

Things
that you
can enjoy
together.

Bright
and pretty
flowers,
sweet liquor

*It's what
comes from
giving and
receiving.*

*That's what
Christmas
stands for now,
right? Thinking
of someone else,
someone other
than yourself.
Presents are
just in ad-
vance.*

魔法使いの嫁

Not bad.
You might
not have any
curves, but
I guess-

Oh, well. I see
how it is. You
found your-
self a super
daddy, eh?

If you ever see a dealer, just turn around and walk away, okay?

That's everywhere I wander

I've got a fast metabolism so it's even worse, since drugs pass through my body really quickly

Coming down off a high makes you feel like dying, too.

The thing about drugs is, they wreck your body along with your mind.

That's not me
I'm not
I'm not

...Sometimes it still feels like I'm dreaming.

never knowing what it was like to be happy until the day I died, alone.

If I hadn't met Master Rorifred, I'd still be dealing drugs in some filthy somewhere, beating people up, getting beaten up.

Damn!
when I get
my hands
on her...

Damn.

She hasn't
given me
my cut of
her sales
yet.

Why
have you
seen the
boarder pitch
around here?

Shut up

Shut up

Damn.

It's
about time
I moved
on...

Shut up
